4 Winning Trades In A Row

Hi! Mirriam

Ever since the July training, I have participated in 4 trades in August and they all made money! Isn't it great! But all on paper trades only lah! I have opened an account with Interative Brokers last week. Should be able to trade with real money next week. So excited about it.

- 1. MWD - Oct 05 55 Put Option 3.50 Target 5.00 met within 2 weeks profit **43%***
- 2. IBM - Oct 05 85 Put Option 3.80 Target 5.20 met also less than 2 wks profit **37%***
- 3. BZH - Nov 05 65 Put Option 6.70 Target 8.80 met same profit **31%***
- 4. KSS - Oct 05 55 Put Option 2.50 Target 4.20 met this one less than a week profit **68%** and the stock is still falling!*

Now I have more confidence. Thank you for your wonderful strategies!

*Yours truly
Robin & Jennifer Tan*

I took the course last Nov. (2003) and have been trading **using Mirriam's strategies**. I started with only one strategy and **earned back my course fee within 2 months**.

I especially love the investment strategy which **nets you returns from 70% to 100%**. So far all my plays have given me that kind of returns, **sometimes even by as much as 130%!!** In **October** (earnings month) e.g. I did a total of 16 trades out of which 14 are profitable giving me a net **profit of over US\$9000** and the 2 losing trades set me back by **just US\$750**.

November just ended and my net return is exactly **US\$4856**, over \$100 short of my **\$5000 target a month**.

I really am ~~thankful to Mirriam~~ for enabling me to **recover my losses which I suffered 3 years ago** when I first started trading options after taking an option course by a company that is no longer operating in Asia.

She teaches you not only to **calculate your risk** before taking positions but to **manage it after entering positions**. Her **investment strategy is really superb !!!!**

Dear Mirriam/Aaron,

I am so excited to share with all of you that I had made 100% gain in 1 day on Earning Strategy stock.

The bad news is that it is virtual trade only. If it was real trade, I should have **got back my tuition fee** already.

Thanks you so much for what Mirriam/Aaron teach.

Regards,
Terence Law
